CORE COMPETENCIES

IT Consulting & Infrastructure

Network design, systems administration, hardware deployment, enterprise endpoint management, and IT environment modernization across government and regulated environments.

Cybersecurity Services

Data security policy, encryption, firewall management, access control, compliance consulting, and posture assessments aligned to federal and state frameworks.

Software & Systems Solutions

Business software implementation, database administration, CRM configuration, AI and automation tool integration, and cross-platform systems integration.

Web & Mobile Development

Corporate and government-facing websites, web and mobile applications, legacy modernization, and accessibility-compliant code-forward builds.

Training & Technical Writing

IT staff training, e-learning development, SOPs, compliance documentation, runbooks, and government proposal writing support.

PAST PERFORMANCE HIGHLIGHTS

› State of Alabama — Bureau of Pardons & Paroles (2022–Present)

Senior IT Systems Technician serving as primary IT contact for a 24-hour state facility. Statewide Help Desk support, SharePoint administration, and mission-critical system support: OASIS, EMS, AOC, EPSI, Kronos eSTART.

› State of Alabama — Dept. of Finance / Alabamabuy Helpdesk (2022)

Authored foundational helpdesk procedures and ticket routing structure within first week. Owned STAARS-to-Alabamabuy vendor migration workflow, SharePoint tracking, and account conflict prevention protocol.

› Baptist Health Network — Multi-Facility (2009–2014)

Enterprise IT support across Baptist Medical Center East, Baptist South, Cancer Center, and affiliated physicians' offices. Staged all equipment for Cerner FirstNet Go-Live. Lead Analyst, Cancer Center (2014).

› State of Alabama / U.S. Dept. of Education / Regions Financial

Federal agency support via EDS contractor (DOE, 1999–2001). Enterprise helpdesk leadership and workflow development at Regions Financial (2006–2008). Full details available upon request.
